## KITCHEN ELEMENTS

# N09

DESCRIPTION
-------------

## KITCHEN

P shape kitchen, total size 181x60x220cm + 160x60x220cm + 181x60x85cm.  
Bottom elements and top, suspended elements, inner shelves and drawers are made of white smooth refined chipboard d=18mm, with abs tape 2x18mm of the same colour and pattern.

Doors to the bottom elements, front drawer sides, doors to the top elements and plinth are made of MDF d=19mm, white colour RAL 9003, high gloss, applied bilaterally.

Worktop is made of composite material - aluminum hydroxide and acrylic polymer binder (Kerrock or equivalent) and it is placed over the substructure made of wooden scantlings 3x5cm. The back side of the kitchen - between the bottom and top, suspended elements is made of composite material d=10mm, and it is wall mounted.

Drawers and doors are equipped with aluminum handles, included in the standard catalogue of products, type Hafele or equivalent.

Sliders and drawers are telescopic, with slow-motion closing mechanism. All hinges are of the slow-motion type, all Hafele or equivalent.

The built-in sink is double, dimensions 90x60cm. Built-in heating panel, dimensions 40x60cm with two hot plates.

The kitchen has a built-in trash can, volume 12l, which is fixed to the door wing of the bottom element.

The kitchen elements are supported by aluminum legs  $h=10\text{cm}$ , while the plinth, made of MDF, is placed over them using toggles.

A concealed aluminum profile, dimensions 17x8mm is attached to the LED tape 14W, at the bottom of the suspended elements.

GENERAL NOTE:

MDF - Medium density fibreboard  
MVC - Melamine faced chipboard  
HDF - High-density fiberboard
