SELECTION AND AWARD CRITERIA

21. Selection criteria

Same criteria for legal and natural persons.

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

- 1) **Economic and financial capacity of candidate** (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided.
 - The average annual turnover of the candidate over the last 3 years (2010, 2011 and 2012) must be at least EUR 1,000,000.
- 2) **Professional capacity of candidate** (based on items 4 and 5 of the application form)
 - At least 5 permanent staff currently work for the candidate in the fields related to this contract.
- 3) **Technical capacity of candidate** (based on items 5 and 6 of the application form)
 - The candidate has provided in the course of the past three years (starting from 1.1.2010 up to the deadline for receipt of the applications), at least two projects (the candidate's proportion greater than 500,000 EUR for his services in each project) in any of the fields of expertise described in Article 7. Altogether the reference projects must cover all three fields of expertise described in Article 7 above.

Previous experience which would have lead to breach of contract and termination by a Contracting Authority shall not be used as reference. This is also applicable concerning the previous experience of experts required under a fee-based service contract.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best candidates. The only factors which will be taken into consideration during this re-examination are:

- a) the total number of the reference projects found eligible under 21.3) and in case of equality on this criterion, then
- b) the value of the eligible part (the proportion carried out by the candidate) of the projects found eligible under 21.3).

22. Award criteria
